The secret word is: _____

(0.3 points)

5. Read the paragraphs and put them in order. Write the correct order of the letters on the lines below. (6 points)

Paragraph 1

A. Being nocturnal helps mice to hide from the animals that want to eat them. A lot of birds, snakes, and lizards like to eat mice sleep at night—except, of course, owls!

B. Most people are awake during the day and sleep all night. Owls live the opposite way. Owls are nocturnal. This means that they sleep all day and don't sleep at night. Because owls are nocturnal, they eat at night. But finding food in the dark is difficult. To help them, they have special eyes and ears.

C. Like owls, mice are also nocturnal animals. Mice have a good sense of smell. This helps them find food in the dark.

D. Owls have very large eyes. These eyes help them see better at night than other animals. Since owls can see well at night, this helps them find food in the dark.

Owls also have very good hearing. Even when owls are in the trees, they can hear small animals moving in the grass below. This helps owls catch their prey even when it is very dark.

The answer is _____

Paragraph 2.

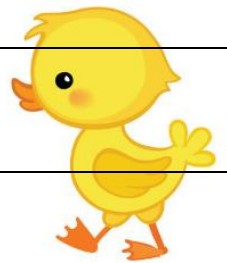

A. As time passed, the ugly duckling grew bigger and stronger. He understood that he didn't look like the other ducks, and this made him feel sadder. He was scared of the other animals. So the duckling decided to go away from the farm and live on his own.

B. The journey was long and difficult, but the ugly duckling walked and walked. He saw new places, but he was lonely there. He didn't understand why he was so different. But the spring started, something magical happened.

C. Once upon a time, there was an ugly duckling in the family of ducks. Everyone laughed at how different he looked. The other animals at the farm laughed at him, calling him ugly. The duckling was sad and alone because he didn't fit in with the others.

D. One day, as the ugly duckling was near the water, he saw himself in the water for the first time. He was not the ugly duckling he once was. He was a beautiful swan! Soon, he became friends with a group of swans. Finally, the ugly duckling was not alone, and he found his place in the world.

The answer is _____

Paragraph 3

A. One of the best things about travelling is the adventure. Every journey helps to find a beautiful beach or a new tradition you've never seen before. Travelling opens your eyes and shows you beautiful places and people. You do something unusual and experience something new.

B. Finally, travelling helps you to see how people live in different parts of the world and helps to understand different cultures. By the end of your journey, you'll have new memories that will be with you for a long time.

C. Travelling is a way to go to new places, learn about different cultures, and make memories. Travelling gives you the chance to learn about the world. When you travel you can see, do, learn something, or have an unusual adventure.

D. Another good thing about travelling is that you eat new food and explore the markets. Different countries have their delicious food. Eating something new can be interesting and the flavors can stay with you long after you return home.

E. The third thing is that travelling teaches you to be open-minded. Things don't always go as planned—the weather can change, or something can happen—but that's part of the adventure and all of these can give you stories to tell when you go back.

The answer is _____

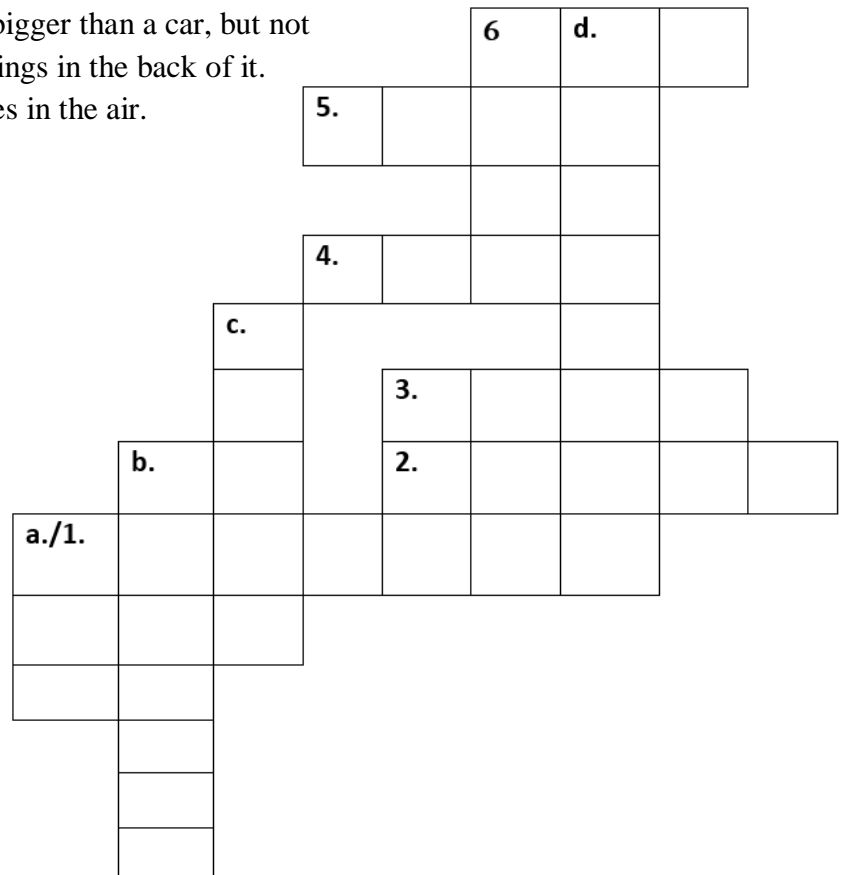

6. Read the clues and write the words in the puzzle .

(3 points)
